

Wetzin'kwa Community Forest Corporation wishes to congratulate the

2019 Community Grant Program Recipients

The Wetzin'kwa Community Grant Program distributes profits from the community forest tenure back into the community, providing support for a broad range of projects that will return the greatest long-term benefit to Bulkley Valley residents. This year \$293,467.52 is being distributed amongst these successful applicants.

Please join us Saturday July 13th at the Gordon Williams Memorial Park from 9:00 – 10:30am as we present cheques and congratulate the successful applicants.

Everyone is welcome!
